INDEPENDENT AUDITOR'S REVIEW REPORT ON SEMI-ANNUAL REPORT
ORIGINALLY ISSUED IN TURKISH**

To the General Assembly of Akmerkez Gayrimenkul Yatırım Ortaklığı A.Ş.

We have been assigned to the review whether the financial information in the review report of Akmerkez Gayrimenkul Yatırım Ortaklığı A.Ş. (the "Company") prepared as at 30 June 2026 is consistent with the reviewed interim condensed financial information. Management is responsible for the preparation of the semi-annual report. Our responsibility is to express a conclusion on whether the financial information provided in the semi-annual report is consistent with the reviewed interim condensed financial information on which we have expressed our conclusion dated 7 August 2026.

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410 "Review on Interim Financial Information Performed by the Independent Auditor of the Entity". Our review includes the assessment as to whether the financial information included in the semi-annual report is consistent with the reviewed interim condensed financial statements and other explanatory notes. A review is substantially less in scope than an audit conducted in accordance with Independent Auditing Standards, the objective of which is to express an opinion on the financial statements. Consequently, a review on the semi-annual financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to conclude that the accompanying financial information included in the review report is not consistent, in all material respects, with the interim financial information and the information presented in the explanatory notes to interim condensed financial statements.

Within the scope of the 2025 audits conducted by the Court of Accounts at the Municipality of Beşiktaş, an zoning review carried out by the Municipality of Beşiktaş based on the architectural project approved on 16.02.1994 (No. 1994/691) and the revised architectural project approved on 24.02.2015 (No. 2015/130) determined, predominantly, alleged zoning non-compliances arising from the merger of certain independent sections owned by Company within the Shopping Mall. Such determinations were recorded in a Construction Suspension Report (Yapı Tatil Tutanağı) and annotated in the declarations section of the land registry records pursuant to Article 32 of Zoning Law No. 3194. Based on the aforementioned Construction Suspension Report, the Municipal Council Resolution (Encümen Kararı) of the Municipality of Beşiktaş dated 03.12.2025 and numbered 2025/926 was served on our Company on 05.12.2025. Pursuant to Articles 42/2-a, 42/2-c and 42/3 of Zoning Law No. 3194, an administrative fine of TRY 75,838,711.66 was imposed on Company; additionally, an administrative fine of TRY 3,443,200,112.34 was imposed pursuant to Article 42/2-ç, provided that such amount shall not be collected if the alleged non-compliances are remedied within one month in accordance with the applicable legislation. Actions for annulment with a request for stay of execution have been filed against the Construction Suspension Report and the Municipal Council Resolution on the grounds that they are unlawful and contrary to procedural rules and applicable legislation. Necessary administrative applications have also been duly submitted before the Municipality of Beşiktaş within the prescribed period.

In the annulment lawsuit filed with the Istanbul 6th Administrative Court (Docket No. 2025/2503) which includes a request for a stay of execution regarding the cancellation of the Construction Stoppage Record, the preparation of the expert report is currently awaited.

In the annulment lawsuit filed with a request for a stay of execution registered under Docket No. 2025/2337 at the Istanbul 13th Administrative Court challenging the Beşiktaş Municipality Committee Decision dated 03.12.2025 and numbered 2025/926, the 4th Administrative Litigation Chamber of the Istanbul Regional Administrative Court ruled that a connection exists between said case and the annulment lawsuit registered under Docket No. 2025/2503 at the Istanbul 6th Administrative Court; consequently, it was decided to designate the Istanbul 6th Administrative Court as the competent court to resolve the connected cases, to close the docket entry at the Istanbul 13th Administrative Court, and to transfer the file to the Istanbul 6th Administrative Court. The file has been assigned Docket No. 2026/189 at the Istanbul 6th Administrative Court. A rejoinder responding to the opposing party's defense arguments has been submitted to the case file.

Furthermore, determinations regarding the merger of a total of five independent sections owned by Company with adjacent independent sections were recorded in separate Construction Suspension Reports and annotated in the declarations section of the land registry records pursuant to Article 32 of Zoning Law No. 3194. Based thereon, the Municipal Council Resolutions dated 11.12.2025 and numbered 2025/961 and 2025/967 were served on Company on 19.12.2025. Pursuant to the Municipal Council Resolution dated 11.12.2025 and numbered 2025/961, administrative fines of TRY 423,239.36 under Articles 42/2-a, 42/2-c and 42/3 of Zoning Law No. 3194 and TRY 18,030,776.68 under Article 42/2-ç (not to be collected provided that the alleged non-compliances are remedied within one month) were imposed. Pursuant to the Municipal Council Resolution dated 11.12.2025 and numbered 2025/967, administrative fines of TRY 174,978.27 under Articles 42/2-a, 42/2-c and 42/3 and TRY 6,948,619.46 under Article 42/2-ç (not to be collected provided that the alleged non-compliances are remedied within one month) were imposed. Lawsuits seeking the annulment of the aforementioned Construction Stoppage Reports and Municipal Council Decisions along with requests for a stay of execution have been filed with the Istanbul 3rd Administrative Court (under Docket Nos. 2025/2596 and 2025/2597) on the grounds that these acts are unlawful and violate procedural rules and relevant legislation. Expert reports dated 15.06.2026 were prepared for both cases. These reports concluded that the construction activity in question falls under the category of activities not requiring a building permit pursuant to Article 59 of the Type Regulation on Zoning in Planned Areas, and that the decision of the Beşiktaş Municipality Executive Committee was not appropriate. In both cases, the requests for a stay of execution were denied.

In addition, the Municipal Council Resolutions dated 31.12.2025 and numbered 2025/1108, 2025/1112 and 2025/1117, concerning the demolition (restoration in accordance with the approved project) of the sections specified in the Construction Suspension Reports with respect to the property located at Kültür Mahallesi, Nispetiye Caddesi, Sheet 76, Block 83, Parcel 1, Door No: 54, were served on our Company on 13.01.2026 pursuant to Article 13 of the Bosphorus Law No. 2960. Actions for annulment with requests for stay of execution have also been filed against these resolutions on the grounds that they are unlawful and contrary to procedural rules and applicable legislation.

In the annulment case filed against the demolition (or bringing into conformity with the project) decision dated December 31, 2025, and numbered 2025/1108 currently pending before the Istanbul 6th Administrative Court under Docket No. 2026/116 the request for a stay of execution was granted on January 16, 2026; it was ruled that the execution of the contested administrative act be stayed until a new decision is issued following the receipt of the defendant administration's defense and response to the interim order, or the expiration of the period for submitting such defense and response, and this decision was served on January 21, 2026.

In the annulment action filed against the demolition (bringing into compliance with the approved project) decision dated 31 December 2025 and numbered 2025/1112, the request for a stay of execution was granted on 16 January 2026, and it was resolved to suspend the execution of the contested administrative act until a determination is made by the Istanbul 4th Administrative Litigation Chamber as to whether there exists a connection between the present case and the annulment action (filed with a request for a stay of execution) brought against the administrative fine in the amount of TRY 18,454,016, which was notified on 19 December 2025. The said decision was duly notified on 21 January 2026. On 4 February 2026, the Istanbul 4th Administrative Litigation Chamber ruled that the Istanbul 3rd Administrative Court be designated as the competent court for the resolution of the dispute, and the case file was transferred accordingly. Following the transfer, the file was registered before the Istanbul 3rd Administrative Court under docket number 2026/334 E. A reply to the opposing party's defense arguments was submitted to the case file, and a decision to reject the request for a stay of execution was issued on July 13, 2026. No objection was raised against the rejection decision because the expert report prepared in the context of the annulment lawsuit heard by the same Court regarding the

Construction Stoppage Record (which served as the basis for the demolition order in question) was favorable to the Company.

6. RISKS AND ASSESSMENT OF BOARD OF DIRECTORS

Early Risk Identification Committee held three meeting for early risk detection purposes and issued three report during the relevant period.

A contraction in the economic environment, the marked slowdown in retail turnover generation, and the stagnation in customer demand may adversely affect retailers due to declining profit margins despite increasing costs and operating expenses. This situation may negatively impact tenants' ability and continuity in meeting their payment obligations at current rent levels, thereby constituting a financial risk for the Company. In light of these projections, the Company's financial risk planning is carried out accordingly.

In addition, due to the aforementioned risks, it is anticipated that certain retailers in the sector may experience product supply issues, face challenges in effectively managing their financial risks, and fail to achieve sustainable profitability. As a result, they may encounter payment difficulties and decide to reduce the number of their stores in order to improve operational efficiency. These possibilities are considered likely to have a negative impact on our revenue generation capacity. Nevertheless, through tenant-based efficiency analyses and continuous monitoring, we foresee that by effectively managing potential developments, implementing tenant changes with appropriate timing, and maintaining both occupancy rates and rental efficiency, the Company will be able to mitigate any adverse impact on its revenues.

At the above mentioned issues, no risk is expected regarding the debt-equity ratio of the Company.

The Company has conducted a risk inventory activity for the anticipated risks and it is updated periodically.
